

## Parent Creed

For my son, I promise to stand by his side  
And support him with a positive voice  
I will encourage him to be the best he can be  
And trust him to make the correct choice.  
Together we can defeat all odds  
We can overcome all negative statistics  
I vow to lead by example  
Modeling for him responsible characteristics  
Our relationship will continue to grow  
No matter what obstacles we go through  
My son is a Future Black Man of Western Academy  
And there is no limit to what he can do!
