

## WAN Creeds

### Scholar Creed

I promise to give my very best  
To achieve my every goal  
To be faithful and disciplined  
With everything in my control

Learning as much as I can for  
Knowledge is the key  
There is nothing I cannot do,  
But the first step starts with me

I represent my family even my  
Community as a whole  
And I refuse to let negativity  
Keep me from my goal

I will exceed and excel if I just  
Have faith and believe

I am a future Black Man of Western Academy and  
There is no limit to what I can achieve

I will arise above all prejudice,  
And stay positive the whole way through,  
For I am a future Black Man of Western Academy  
And you can be one too!
